4:15pm – 4:30pm (15 minutes)	Online Module / SR1 Test Registration

Online

To complete the 103 Experienced Course, you must complete two online PSMA classes plus the online SR1 Course with certification test. Each class is approximately 2-3 hours in length.

Use the 103 Experienced online class registration form to select your two online classes. PSMA will register you in those classes and you will be emailed with additional log-in instructions within one week. PSMA’s online content is available at <https://psma.digitalchalk.com/>.

You will have 30 days to complete the online content. The SR1 Course with certification test will only unlock after you have first completed the two online classes. When you pass the SR1 certification test, you will be able to download your certification credential from within the course. Certification is valid for two years.

There is NO additional continuing education requirement for 103 inspectors.
